

PSX 2000™

POWER STEERING FLUID X-CHANGER

Maintain the vehicle's power steering performance by easily and quickly replacing the old power steering fluid and harmful deposits with new fluid.

FEATURES

- Replaces up to 95% of the old power steering fluid in less than 8 minutes.
- New and waste fluid reservoirs.
- Clear hoses for visual confirmation of new and waste fluid movement.
- New and waste fluid on-off switches.
- Battery cables hook up directly to vehicle's battery.
- Dual pumps and service hoses drain and refill power steering system through the system's reservoir.
- Fully portable - can perform service anywhere.

BENEFITS

- Removes harmful deposits from the steering system.
- Conditions and revitalizes seals.
- Prevents hard steering in cold climates.
- Reduces power steering system wear.
- Eliminates rack and pinion stiffness.
- Eliminates power steering noises and whining.
- Cleans up sticky turbines and pumps.
- Ensures a long, trouble-free life for the steering system.

Model PSX2000™

Type	Power Steering Fluid Exchange Machine
Model Number	PSX 2000
Dimensions	23"L x 10-3/4"H x 11"D
Actual Weight	10 lbs.
New Fluid Reservoir	2 quart capacity
Used Fluid Reservoir	2 quart capacity
Operating Current	15 amps
Battery Cables	12V DC, 30 amp

A CHANGE FOR THE BETTER™

MANUFACTURING
3300 Reedy Drive
Elkhart, IN 46514
Phone: 800-303-5874
Fax: 574-262-0198

CORPORATE HEADQUARTERS

PSX 2500™

POWER STEERING FLUID X-CHANGER

Ergonomic pendant design for more comfortable operation.

Model PSX2500™

Type	Power Steering Fluid Exchange Machine
Dimensions	36-3/4"H x 25"W x 18-1/2"D
Actual Weight	20 lbs.
New Fluid Reservoir	2 quart capacity
Used Fluid Reservoir	2 quart capacity
Operating Current	15 amps
Battery Cables	12V DC, 30 amp

FEATURES & BENEFITS

Same as the PSX 2000, plus...

- Fingertip control pendant allows faster operation.
- Rollaround cart holds the unit at an ergonomically correct working height.
- Tubular structure provides strength & light weight.
- Unlike continuous flow models, YOU control the fluid volume, reducing the amount of wasted material.

PSX 3000™

POWER STEERING FLUID X-CHANGER

Ergonomic pendant design for more comfortable operation.

Model PSX3000™

Type	Power Steering Fluid Exchange Machine
Dimensions	39"H x 17"W x 25"D
Actual Weight	68 lbs.
New Fluid Reservoir	5 quart capacity
Used Fluid Reservoir	20 quart capacity
Operating Current	15 amps
Battery Cables	12V DC, 30 amp

FEATURES & BENEFITS

Same as the PSX 2000 & 2500, plus...

- Roto-cast polyethylene body & tanks prevent vehicle damage.
- No bay required.
- Unlike continuous flow models, YOU control the fluid volume, reducing the amount of wasted material.
- Runs on 12V D.C. power from vehicle's battery.
- Fingertip control pendant allows faster operation.
